JOPHI JOSE

Multimedia Designer

Seeking assignments to head operations in Graphic / Animation / UI&UX Designing with a high growth oriented organisation
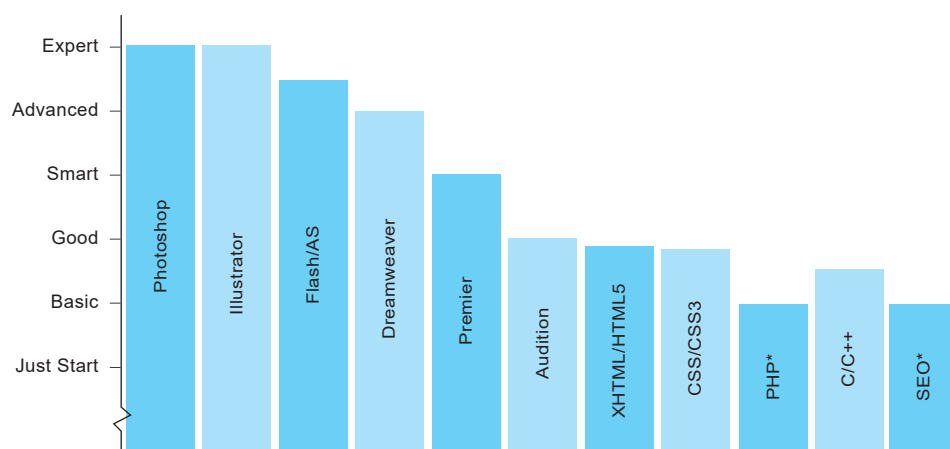

Professional Synopsis

A Graphic/Animation/UI/UX Designer with a strong conceptualization/visualization skill set across design, layout & branding. Capable of dealing with high-pressure situations as the need arises, conveying confidence in both abilities and level of interest.

To exploit my creative instincts to design and deliver customer-oriented interactive solutions to help industries promote themselves. Creating Flash Games for improving site traffic with complete optimization for fast download is my forte. Able to create Profile CDs and Corporate presentation CDs

Personal Statement

" Compromises will destroy a good design.
Patience is the key qualification of an Artist. "
